Invitation

Dear Teachers and Students,

The Fall semester of 2011 is about to end, and it is also time for us to collect good student works done in this semester and also the whole year of 2011.

*Teachers, could you please recommend good works done by your students?
Students, you can apply to present your works, too.*

- A compiled collection of writings
- A presentation (group or individual, with a PowerPoint file)
- Service learning experience and results
- An art work or multimedia work (e.g. webpage, photograph, video) produced with an explanation of your (artistic) intent
- (If the work itself is unavailable,) the certificate of an award won in a competition (better with a photograph or other records)
- Other works related to the English department classes
